

### **Restricting Workers/Employees from Recreating Off Of Industrial Activities Clause**

This clause remains unresolved and has not been discussed at length by the working group members or the Board as a whole. The potential need of this clause was raised near to the end of the WG's November 18<sup>th</sup> telecon and the following draft wording was developed.

Requires full discussion by the Working Group at its next telecon.

- Employees, consultants, contractors and/or others involved in an industrial activity may not access Crown land within the Muskwa-Kechika Management Area for the purposes of recreation, including hunting and fishing, while present on or near a work site or while travelling to or from that industrial activity.
